Dedication

Mrs. Elsie E. Cavanaugh

Mrs. Cavanaugh represents to us many of the qualities we seek in our own profession: unselfish concern, personal sacrifice, and the never-ending need to help others. She made us all part of her family, and it is indeed an honor to have had that opportunity.

In Memoriam

**Clement A. Smith M.D.
1913-1972**

A radiologist of inordinate skill whose opinion was considered the final word in the interpretation of any roentgenogram. A gentle man, an honest man and a friend of man. A man of spirit and humor who left a fragment of himself with all of us who enjoyed his presence.

Robert Nugent, M.D.

Hippocratic Oath

"I swear by Apollo the physician, by Aesculapius, Hygeia, and Panacea, and I take to witness all the gods, all the goddesses, to keep according to my ability and my judgment the following Oath:

"To consider dear to me as my parents him who taught me this art; to live in common with him and if necessary to share my goods with him; to look upon his children as my own brothers, to teach them this art if they so desire without fee or written promise; to impart to my sons and the sons of the master who taught me and the disciples who have enrolled themselves and have agreed to the rules of the profession, but to these alone, the precepts and the instruction. I will prescribe regimen for the good of my patients according to my ability and my judgment and never do harm to anyone. To please no one will I prescribe a deadly drug, nor give advice which may cause his death. Nor will I give a woman a pessary to procure abortion. But I will preserve the purity of my life and my art. I will not cut for stone, even for patients in whom the disease is manifest; I will leave this operation to be performed by practitioners (specialists in this art). In every house where I come I will enter only for the good of my patients, keeping myself far from all intentional ill-doing and all seduction, and especially from the pleasures of love with women or with men, be they free or slaves. All that may come to my knowledge in the exercise of my profession or outside of my profession or in daily commerce with men, which ought not to be spread abroad, I will keep secret and will never reveal. If I keep this oath faithfully, may I enjoy my life and practice my art, respected by all men and in all times; but if I swerve from it or violate it, may the reverse be my lot."
